our household earthquake plan

Fill it in tonight. Keep one copy on the fridge, one in your kit and one in the car. Paper still works when phones do not.

WRITE IT DOWN, THEN PUT A COPY IN EVERY WALLET

Out-of-area contact, name and phone

Meeting place just outside our home

Meeting place outside our neighborhood

Where the gas meter and wrench are

Where the water shutoff is

Where our emergency kit is

Who checks on neighbors who live alone

Doctor and pharmacy phone numbers

Veterinarian phone number

Insurance company and policy number

Medications and doses, by person

Pet names and microchip numbers

NUMBERS AND HABITS THAT HELP

- 911 for life-threatening emergencies only
- Gas leak: leave, then call SoCalGas at 1-800-427-2200
- Powered medical equipment: ask SCE about its Critical Care Backup Battery program, 800-736-4777
- Text, do not call: texts often go through when calls do not
- Sign up for Alert SouthBay, the City of Manhattan Beach emergency alerts
- Download the free MyShake app for earthquake early warning

Smell or hear gas? Shut it off at the meter only if it is safe, then leave it off. SoCalGas turns it back on.

Scan for the full guide on chhabriare.com: what to check at home, the first 72 hours for people and pets, and the complete kit list.

the household emergency plan

Check each box as you go, and restock the kit once a year.

RIGHT AFTER THE SHAKING

- [ ] Check everyone for injuries
- [ ] Put on sturdy shoes, grab a flashlight
- [ ] Look, listen and smell for gas
- [ ] Gas leak? Shut the meter, leave it off
- [ ] No matches, candles or light switches
- [ ] Text your out-of-area contact
- [ ] Turn on a battery or hand-crank radio

THE FIRST 72 HOURS

- [ ] Check walls, doors, stairs and windows
- [ ] Check water heater straps and lines
- [ ] Photograph damage for insurance
- [ ] Keep the fridge and freezer closed
- [ ] Fridge out 4+ hours? Toss perishables
- [ ] Check on neighbors who live alone
- [ ] Keep pets in a carrier or on a leash
- [ ] Call your insurance company if needed

Drop, cover and hold on in every aftershock until the shaking stops.

KEEP FOOD COLD

- [ ] Keep a big cooler where everyone can find it
- [ ] Keep ice bags and gel packs in the freezer
- [ ] Long outage? Move fridge food to the cooler

YOUR KIT

- [ ] Water: 1 gallon per person per day
- [ ] Several days of non-perishable food
- [ ] Manual can opener
- [ ] Battery or hand-crank radio
- [ ] Headlamps and extra batteries
- [ ] First aid kit
- [ ] Whistles, one per person
- [ ] Dust masks
- [ ] Plastic sheeting, scissors, duct tape
- [ ] Emergency tent and Mylar blankets
- [ ] Wipes, toilet paper, garbage bags
- [ ] Wrench or pliers for utilities
- [ ] Phone chargers, battery, solar charger
- [ ] Prescriptions, spare glasses, contacts
- [ ] Pet food, water and records
- [ ] Cash and copies of documents
- [ ] Hygiene and feminine supplies
- [ ] Change of clothes and sturdy shoes
- [ ] Fire extinguisher

BEFORE THE NEXT ONE

- [ ] Strap bookcases, dressers and TVs
- [ ] Download the free MyShake app
- [ ] Sign up for Alert SouthBay
- [ ] Check your earthquake insurance
- [ ] Practice this plan once

This checklist is general information for South Bay households, not insurance, legal, engineering or medical advice. If you see structural damage, call a licensed structural engineer and your insurance company before you make repairs. The kit list builds on Ready.gov's emergency supply list; gas guidance is from SoCalGas; food safety and cooler guidance is from FoodSafety.gov and the USDA Food Safety and Inspection Service; communication tips are from the Federal Communications Commission; preparedness steps are from the Earthquake Country Alliance and the California Governor's Office of Emergency Services. Figures and sources as of November 28, 2026.
